CONTAINERS

Fiber Drums are sometimes referred to as cardboard drums or fibre drums. They come available in a variety of sizes that include the 75 gallon, 55 gallon, 41 gallon, 30 gallon, 20 gallon, 19 gallon, 15 gallon, and 10 gallon sizes. Fiber Drums are lightweight and durable, can be easily opened, and have a tamper evident sealing feature. Steel, fiber, and plastic covers are available with steel lever lock ring closures. Fiber Drums are available in a variety of diameters and heights. Fluorescent Lamp recycling drums are also available.

Construction

- Protection against shipping damage is achieved with stainless steel rolling hoops for the welded bodies and heavy gauge stainless steel foot rings for the head fittings and bottom

Design

- Steel ring reinforced bottom
- Cover includes a convenient lever-lock closure to accept many tamper-proof seals

Applications

- Dry or solid materials
