SKU 952437
Suggested retail price: $139.95
Sale price: Please call

**The CADEX Story**
The CADEX watch was developed by Diane Barker. Her mother had a condition and was having trouble taking her medication. In order for Diane to help she knew she had to create her own unique solution. The CADEX is an alarm watch as well as a medical alert bracelet. The unique alert button, when pressed, shows vital information (name, alert, allergy, doctor, contact, blood type, birthday, insurer, policy # & social security #). You can choose which information you input.

**CADEX Leather**
