Every day, the e-pill Automatic Pill Dispenser will help you or a loved one manage all medications. It automatically dispenses all your pills up to 4 times per day — just like the doctor prescribed!

- Avoid medication errors.
- Prevent double dosing.
- Reminds you with a loud 30 minute alarm.
- Dispense all your pills (Large Capacity).
- Movable between kitchen, bedroom etc.
- Portable. Bring along on trips.

When the loud alarm sounds, simply turn the dispenser up-side down and let the pills drop into your other open hand. Alarm shuts off automatically.

Once the dispenser is locked there are NO confusing buttons or displays to worry about. Battery life 6-12 months with low battery indicator. Complete system for the patient includes everything you need: Automatic dispenser, 2 medication trays, 1 dust cover for extra tray, 2 keys, batteries (4xAA) and Manual. Size: 7 1/2" x 2 1/4". Weight: 17 oz.

# 991019 Automatic Pill Dispenser ($349.00) $232.95

Welcome to e-pill® Medication Reminders

Dear Customer,

Our company, e-pill, is a rapidly growing company in the Boston area. Since 1999, we have focused on innovative ways to monitor medication taking and helping patients remember to take their medicines (e-pill® Medication Reminders) correctly (right time, right meds, right dosage). Our “e-pills” have been featured on national TV (CBS, CNN, NBC) and in print media (Reader’s Digest, Washington Post, Business Week, WSJ), and e-pill products are routinely recommended by healthcare professionals throughout the 50 states and used in clinical trials by the pharmaceutical industry. All e-pill products come with batteries and are READY TO USE RIGHT OUT OF THE BOX! Our guarantee; we offer Award Winning customer service; 30-Day Money Back guarantee and a 1 Year Warranty. We accept all major credit cards. e-pill has received the "Top Service" award by Yahoo! for superior customer service. Please try our customer service today!

How to Buy the Right e-pill Medication Reminder

Since our founding in 1999 we have sold tens of thousands of medication reminder devices. From our customers’ feedback we have learned what works and what does not. Taking your medication on time (Rx/OTC, vitamins or supplements) is as important as what meds are being taken. To help you find the e-pill Medication Reminder that is most suitable for you or your patients, we provide a guide with each product that outlines its key features.

• 30-Day Money Back Guarantee. No questions asked, return it for any reason!
• 1 Year Warranty.
• No reset of Alarms required

**e-pill Monitored Automatic Pill Dispenser 6 Alarms**  
Top-of-the-line Automatic Monitored Medication Dispenser and Reminder System for tablets and capsules. The MD.2 has been developed to give the patients’ caregiver “peace of mind” knowing that right meds are taken on time. When the alarm goes off, the MD.2 reminds the patient to take their medicine by voice message, text, light and hands out the right meds at the right time. If the patient misses a dose, the MD.2 phones the caregiver after 90 minutes. The MD.2 also phones the caregiver when it is time for a refill. Fits easily on your kitchen counter, about the size of a coffeemaker. Dispenses up to 6 times per day in convenient reusable cups (100 cups included, each holds 50 aspirins). Holds 60 medication cups. Lockable cabinet keeps medications safe. 2 keys included. Monthly monitoring fee of $29.95 (optional). FREE Monitoring for first 60 days. Price includes complete system, everything you need. Needs access to phone jack. However, it does not need its own phone line.
