Every day, the e-pill Automatic Pill Dispenser will help you or a loved one manage all medications. It automatically dispenses all your pills up to 4 times per day —just like the doctor prescribed!

- Avoid medication errors.
- Prevent double dosing.
- Reminds you with a loud 30 minute alarm.
- Dispense all your pills (Large Capacity).
- Movable between kitchen, bedroom etc.
- Portable. Bring along on trips.

When the loud alarm sounds, simply turn the dispenser upside down and let the pills drop into your other open hand. Easy to use, alarm shuts off automatically once medications are dispensed. Great for patients with beginning Alzheimer’s.

Once the dispenser is locked there are NO confusing buttons or displays to worry about. Battery life 6+ months with low battery indicator. Complete system for the patient includes everything you need; Automatic Pill Dispenser, two (2) medication trays, dust cover for extra tray, two (2) keys, batteries (4xAA) and Manual. Size: 7 1/2” x 2 1/4”. Weight: 17 oz. Made in Sweden. See page 3 for more details.

How to Buy the Right e-pill Medication Reminder
Since 1999 we have sold tens of thousands of medication reminder devices. From our customers’ feedback we have learned what works and what does not. Taking your medication (prescription Rx, over the counter OTC, vitamins or supplements) on time is as important as what medications are being taken. To help you find the e-pill Medication Reminder that is most suitable for you or your patients, we provide you with a guide for each device outlining its key features:

We offer our customers a risk free purchase:
• 30-Day Money Back Guarantee.
• One Year Warranty.
