Operating Instructions e-pill Multi-Alarm POCKET (SKU 769547)

If your e-pill has not been set-up, remove clear plastic tab and insert paper clip in **RESET** on the back of your e-pill Medication reminder device.

**ALARM settings** (alarms repeat every day – no reset required)

- Slide switches to the **ON** position to correspond with med times.
- For half hour setting, slide the corresponding half hour switch **only**.
- Alarm will sound at intervals for 4 minutes. If medications have not been taken by then, “MISSED PILL?” indicator will turn on
- Take your medications.
- Depress **STOP** to silence alarm or turn off “MISSED PILL?” indicator.

**CLOCK setting** (toggle between AM/PM time and 24 hour military time by pressing hr/min)

Press and hold **set** to enter time setting mode (until hours are blinking).

- Tap **hr/min** to set hour and AM/PM.
- Tap **set** to finish hour setting (minutes are now blinking).
- Tap **hr/min** to set minutes.
- Tap **set** to finish time setting (store correct time).

**Battery Replacement**

- Use 2 button cells, G-10 1.5 volt batteries (also known as: 389A, 389, CX189, 189, LR1130W, LR1130, SR1130)
- Replace when display is dim, the Low Battery indicator is on or every 12 months.
- Remove single screw on the battery case (in the back)
- Place batteries with positive (flat side) facing up.
- Replace cover and tighten screw.
- Press RESET button using the end of a paper clip (hole in the back of your e-pill).
