

Glycolic Acid Peel 10% Retexturizing Serum

An effective anti-aging serum contains Alpha Hydroxy and Aloe to clarify and nourish the skin. Glycolic Acid works by thoroughly exfoliating the outer layer of dry, rough, and environmentally damaged skin leaving it smooth and more radiant. With prolonged use, this product will retexture decongested dull skin; diminish the appearance of fine lines and wrinkles while leaving skin revitalized. Visit us at www.dermasoft.com

DIRECTIONS & USAGE

Applying the Serum:

- 1) Apply a thin layer on clean, dry skin.
- 2) Allow serum to be absorbed by skin.
- 3) Leave on for about 10 to 20 minutes.
- 4) A slight tingling may be felt as the serum works.
- 5) Serum may be rinsed off with soap and warm water.

NOTE: Always use sun block during the day when using this product.
Avoid contact with eyes and mucous membrane area.

Post Application:

- 1) Follow with an SPF 15 moisturizer, preferably oil free.
- 2) Avoid or Limit sun exposure and apply an SPF 15+ sunscreen.
- 3) Treated skin may be slightly pink immediately after application.
- 4) A gentle peeling may occur for a few days following application.
- 5) Apply an oil free face cream or moisturizing lotion as needed.

Frequency of Use:

- 1) Use of the serum once a week for a period of 4 to 8 weeks is recommended.
- 2) For sensitive skin, every other week for a period of 4 to 8 weeks is recommended.
- 3) A rest interval of 2 to 4 weeks following a regimen of weekly use is recommended.

Cautions:

- 1) Do not apply to irritated, broken or very sensitive skin. Stinging and irritation may occur.
- 2) Should irritation occur or persist, discontinue use and consult your Dermatologist.
- 3) The product contains Alpha Hydroxy Acid and may increase skin's sensitivity to the sun.
- 4) Use sunscreen and avoid or limit sun exposure during and after using this product.
- 5) Do not use on mucous membranes or around sensitive eye and lip areas.
- 6) For external and adult use only. Keep out of reach of children.

NOTE: Glycolic Acid Facial Peel contains Alpha Hydroxy Acid (AHA) and may increase skin's sensitivity to the sun. Should any irritation persist, discontinue use. Use of a sunscreen and reducing sun exposure during and after use is highly recommended.

Results:

- 1) Glycolic Acid Serum exfoliates dull and damaged skin cells.
- 2) Smoothes, softens, retextures and refines the surface of the skin.
- 3) Diminishes fine lines and wrinkles, evens tone and lightens hyper pigmented areas.
