### Rocky 6" IronClad 5696

The Rocky IronClad 6" Waterproof work boot is made with Rocky's guaranteed waterproof construction which keeps feet 100% dry and comfortable. It's lightweight, shock absorbing and flexible EVA midsole is much lighter, more comfortable and reduces fatigue. Another great feature is the Rocky Air-Port vented polyurethane cushion footbed which circulated air with every step.

Item #	Size	Model
37-46	9-11 1/2" 12 & 13	5696

### Rocky 8" IronClad 5693

These tall Rocky boots are classically styled to give you a traditional, tough look. Durable construction gives you a traditional, tough design as well. Waterproof protection keeps you dry, because nothing ruins a day quite like wet socks. EVA foam creates soft midsoles that help absorb shock, so your feet won't. Double-ribbed steel shanks add more support, taking the strain off your calves and arches. Lightweight, impact-absorbing polyurethane is the main ingredient in the contoured, cushioning footbeds. This soft, shock-absorbent layer is ventilated to help your feet stay cooler. The soles are made with durable, slip-resisting rubber. Oil-resistance protects the tread from the wearing corrosion you'll get from oil and other common chemicals.

Item #	Sizes	Model
37-45	9-11 1/2" 12 & 13"	5693

### 17" Leggin Boot

### Tingley Boots

Natural rubber. Has outstanding stretch for easier on and off, and excellent low temperature properties allow the material to stay supple in cold temperatures. Rubber resists bases, acids, alcohols and diluted water solutions of most chemicals that are water-soluble. It is a hydrocarbon and does not withstand constant contact with petroleum and oil based solvents.
