Arctic Circle

The Arctic Circle uses a unique nozzle that creates a microfine mist which flash evaporates, cooling the air up to 25 degrees. Three nozzles are placed on an 18" diameter circle that has a six foot lead line that connects directly to a garden hose. The Arctic Circle will attach to any 24" to 36" fan.

Item #	Type
41-666	24-36" Fan

Arctic Fan Cage Kit

This kit is perfect for use on any fan cage. It also can be used in show barns and in trailers. It has a 10 foot lead line and a 15 foot line with six nozzles spaced 30" apart. The perfect design for show cattle on the road.

Item #	Type
41-667	

Misting Filter

This 3-stage carbon phosphate filter suspends particles that could clog nozzles. This filter is a must for all misting systems. Attaches in line to all garden hose connections.

Item #	Type
41-670	

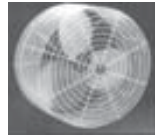

Water Purifier

This is an ingenious tool that removes chlorine and other harmful elements from water. The perfect product to keep your animal drinking while on the show road. It is also very good to use at home while you are rinsing and washing your livestock. Purifies so you have water similar to natural rain water.

Item #	Type
41-671	

Schaefer Fans

Cattle Koolers

The Schaefer Cattle Kooler is the only patented air circulation fan on the market. Because of the design, the Cattle Kooler fan provides more air movement and therefore, more cooling effect than any other circulation fan.
