

## Edge To Edge Machine Quilting On Your Embroidery Machine

*Want the look of long arm quilting, but with your own embroidery machine? This is the perfect class for you. Deb will show you how to do continuous line decorative stitching as easy as 1, 2, 3! If you are a quilter and you also own and good size embroidery machine, then you will love doing this.*

*The initial disk has the starter designs. Disks 2 through 7 can be purchased for \$19.99*

### **SUPPLY LIST**

Embroidery Machine with **Hoops\***, needles

Thread for quilting

Bobbins an one size hoop. Once we do the math, you may want to use a different size hoo for coverage reasons.

Bobbin Thread to match Backing

No Show Mesh, enough for 2 hoopings

Fabric markers, pencils, pens, rulers

Edge to Edge Quilt Designs loaded on USB or on machine

Small Calculator

Paper for Notes

Pins, Scissors, Tweezers,

Patience!

**\*It is suggested you bring more than one size hoop. Once we do the math, you may want to was; do a different size hoop for coverage reasons. The largest hoop is not always the best way to go.**

A small 36 x 36 (or similar) quilt top sandwiched with batting. For ease of hooping, use a thin batting such as **Quilters Dream Request and backing**, sprayed and lightly pinned. Backing and batting should be 6 – 7” wider on ALL sides of your quilt. The sample quilt pattern used for demonstration was; **THREE IN A BOX**, But border was not put on yet. Quilt size is 36 x 36.

**Note; the easiest quilt top to start with for the edge to edge quilt would be 2”, 4”, 5” etc, square blocks, or something similar. Easier for lining up the edge to edge in the hoop.**

**You may not finish quilting the top in class, but you will finish a large portion.**

**Bring lunch or snack and drink and be ready to learn something new.**
