100% Cotton Knit Sleep Cap & Turtleneck Cap

WARMTH without bulk; COMFORTABLE – no elastic

Research has proven that as much as 40% of body heat can be lost through one's head. While our caps are a blessing to bald men or chemotherapy patients, most anyone can benefit from this gentle warmth. The special knit closely covers the head to keep heat in, yet it never constricts or binds. Many of our customers say our sleep caps help their sinus problems. The Comfort Cap can be pulled down over the eyes to block light for deeper sleep. Also makes an ideal non-itch cap liner. Quality made in the USA.
