

# solar-powered SECURITY LIGHT

## Ultra Bright Motion-Activated Light

This solar floodlight boasts an astonishing 100 LEDs's. It produces more than enough light for most any application, and is great for big yards or spaces where you need lots of extra light.

### ULTRA BRIGHT

One of the main benefits of the extra brightness is that this light will shine a greater distance than other lights. It is great for very large spaces such as a back yard or patio. The extra light also helps with late night work such as taking out the trash or cleaning up after the dog

### SOLAR POWERED & EASY INSTALLATION

This light is easy to install and use. Just screw in the solar panel and the lighting module, then plug them together, and you're done! The installation is so simple you won't need to hire an electrician. Once mounted, the solar panel will continually charge the battery during the day. There are no operating costs to run this light.

### DURABLE LONG LASTING

This light is weatherproof and able to withstand anything Mother Nature throws at it.

### INCLUDES

- Solar Security Light with rechargeable battery
- Solar Panel
- 15 Ft solar panel cable
- Mounting Hardware
- User Guide
- 1 Year Warranty
