Company Successes

DPG received the 2018 State of Wisconsin Rising Star Business Award for the minority-owned company best demonstrating strong growth and making a community impact. We relocated from a suburban location to the northwest side of Milwaukee to be within walking distance of existing employees and to provide job opportunities for local residents. Several DPG employees purchased homes using our Employer Assisted Home Buying Program, and employees attending college enjoy flexible work shifts. We sponsored a 6-month culturally relevant bi-lingual personal financial literacy program to help employees improve their personal finances and begin pursuing long-term wealth building opportunities. We strive to continually expand worker skills through cross-training and offsite training programs.
