Instructions for Installation and Care of

Honda Pioneer 500

Soft Rear Window

HO-PIONEER500-RW01

Caution: Do not smoke inside the cab or expose the enclosure to direct flames. Product is FLAMMABLE.

Be sure to read these instructions thoroughly before opening and installing the enclosure. The installation is best done when the temperature is 70°F or warmer. If installed outside and in the cold weather, warming the adhesive Velcro strips just before installation is recommended.

1. Carefully open the carton and roll out the rear window on a large flat surface that is clean and free of dirt or other material that may soil the textile or scratch the clear vinyl windows of the enclosure.
2. Check over the parts included in the carton with the parts list shown below:

Velcro hook strips	1 each	38" long
Velcro hook strips	2 each	34" long
Rear Window	1 each	
3. Begin by placing the 38" adhesive Velcro strip across the top rear bar of the roll cage. This will hold the top of the rear window in place as shown in the photo below.

4. Next take the two 34" adhesive Velcro strips and place them on the backside of the roll cage down both sides. The photo below shows how this is done.

5. Now just hang the rear window from the Velcro on the top bar and attach it down the sides. The bottom of the rear window has magnets that will attach to the frame.

Cleaning and Storage Recommendations:

1. Before removing the enclosure for storage, make sure it is clean and dry, to prevent soiling the textile and scratching the clear vinyl side/rear windows. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Let the enclosure dry thoroughly before attempting to roll for storage.
2. It is important that the enclosure be rolled up for storage rather than folding. Folding will cause undesirable creasing of both the enclosure textile and the clear vinyl side/rear windows. Carefully roll up the enclosure similar to the way it was when it was packed at the factory. On a large, clean, and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the enclosure into a roll approximately 8" in diameter. Put the rolled enclosure back into the carton for storage at a normal room temperature. It is best not to expose the enclosure to either extreme hot or cold temperatures when storing.
3. A special cleaner/conditioner is available from Over Armour Offroad that will greatly increase the service life of the cab enclosure. If needed, additional hook and loop sets are available, as well as other spare parts and hardware. Contact Over Armour Offroad for information.
4. Transporting or trailering your UTV with the enclosure installed is not generally recommended. It is best to remove the enclosure before transporting your UTV.

Return Policy

Over Armour Offroad

2515 Bypass Rd, Flemingsburg, KY 41041
Phone: 606-845-7439

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly as it was **originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 20% restocking fee will apply.

If ordered from Over Armour Offroad please call at 606-845-7439 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Over Armour Offroad without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Over Armour Offroads many distributors', you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
