

# Over Armour Offroad

2515 Bypass Rd. Flemingsburg, KY 41041  
606-845-7439

**Instructions for Installation and Care of**  
**Honda Pioneer 700**  
**Soft Rear Window**  
**HO-PIONEER700-RW01**

**CAUTION: Do not smoke inside the cab or expose the enclosure to direct flames. Product is FLAMMABLE.**

Be sure to read these instructions thoroughly before opening and installing the enclosure. The installation is best done when the temperature is 70°F or warmer. If installed outside and in the cold weather, warming the adhesive Velcro strips just before installation is recommended.

1. Carefully open the carton and roll out the enclosure on a large flat surface that is clean and free of dirt or other material that may soil the textile or scratch the clear vinyl windows of the enclosure.
2. Check over the parts included in the carton with the parts list shown below:

Velcro hook strips	1 each	19" long
Velcro hook strips	2 each	39" long
Velcro hook strips	1 each	42" long
3. Begin by opening up the enclosure and with the help of another person drape the enclosure over the roll cage and arrange into the correct position.
4. Begin the rear window by placing the 42" adhesive Velcro strip across the top rear bar of the roll cage. This will hold the top of the rear window in place as shown in the photo below.

5. Next place the 19" Adhesive strip across the bottom to match up with the Velcro sewn to the bottom of the Rear Window. See photo below

6. After attaching the top and bottom attach the two 32" adhesive Velcro strips to match up with the sides of the Rear Window. Starting just below the top cross bar place the 32" adhesive strips down the bar facing the rear of the vehicle. Then pull sides of the Rear Window and attach them down the bar to the Velcro. See Photo below.

## **Cleaning and Storage Recommendations:**

1. Before removing the enclosure for storage, make sure it is clean and dry, to prevent soiling the textile and scratching the clear vinyl side/rear windows. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Let the enclosure dry thoroughly before attempting to roll for storage.
2. It is important that the enclosure be rolled up for storage rather than folding. Folding will cause undesirable creasing of both the enclosure textile and the clear vinyl side/rear windows. Carefully roll up the enclosure similar to the way it was when it was packed at the factory. On a large, clean, and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the enclosure into a roll approximately 8" in diameter. Put the rolled enclosure back into the carton for storage at a normal room temperature. It is best not to expose the enclosure to either extreme hot or cold temperatures when storing.
3. A special cleaner/conditioner is available from Over Armour that will greatly increase the service life of the cab enclosure. If needed, additional hook and loop sets are available, as well as other spare parts and hardware. Contact Over Armour for information.
4. Transporting or trailering your UTV with the enclosure installed is not generally recommended. It is best to remove the enclosure before transporting your UTV.

**Thank you for your purchase!**

## Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

**All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.**

If ordered from Over Armour Offroad please call at 606-845-7439 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Over Armour Offroad without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Over Armour Offroads many distributors', you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
