LED SIGNAL TRAFFIC LIGHTS
RUGGED, COST-EFFECTIVE SIGNALS FOR WARNING INDICATION SYSTEMS

DESCRIPTIOM
BEA's LED Signal Traffic Lights are part of a portfolio of warning indication products, including BEA activation, safety and presence sensors.

These signal lights integrate seamlessly into industrial automation and vehicle flow management applications.

The Traffic Lights can be ordered in either single or double light configurations. LED color options include red or green for the single light models, while the double light model offers a combination of red and green.

FEATURES & BENEFITS
- Single light model rated IP67; double light model rated IP65
- Preassembled indicators for signaling and traffic control
- Intense levels of light output for outdoor applications
- Controlled field of view for signage and narrow lane use
- Rugged, cost-effective and easy-to-install
- One and two indicator models available
