**WARNING**

To prevent possible SERIOUS INJURY or DEATH from a moving gate or garage door:

- **ALWAYS** keep remote controls out of reach of children. NEVER permit children to operate, or play with remote control transmitters.
- Activate gate or door ONLY when it can be seen clearly, is properly adjusted and there are no obstructions to door travel.
- **ALWAYS** keep gate or garage door in sight until completely closed. NEVER permit anyone to cross path of moving gate or door.

**PROGRAMMING**

1. Start with your garage door, gate, or commercial door closed.

2. Open the remote control by sliding the battery cover down. Press and hold the program button until the LED lights (approximately 2 seconds).

3. Press and release the SMART/LEARN button on your product.

4. Press and release the button. When the LED stops flashing, continue to press and release the button until a click is heard from the garage door opener, a light on the garage door opener blinks, the garage door opens/closes, or a beep is heard from the gate operator (maximum 18 times).

**OR**

Press and release the Universal Remote Control button...

- ...8 times Chamberlain® Yellow Button 2011-Current
- ...3 times Chamberlain® Purple Button 2005-Current
- ...2 times Chamberlain® Orange Button 1997-2005
- ...4 times Chamberlain® Green Button 1999-1996
- ...5 times Genie Overhead Door® Intellicode 1995-Current
- ...6 times Genie Overhead Door® Intellicode 2006-Current
- ...1 time Linear® Mega-Code 1997-Current
- ...7 times Stanley® Security Code 1998
- ...9 times Wayne Dalton® Rolling Code 372.5 MHz 1999-Current
- ...14 times Linear® MultiCode® 10 Position Dip Switch
- ...16 times Stanley MultiCode® 10 Position Dip Switch
- ...18 times Linear® 8 Position Dip Switch

The LED on the Universal Remote Control MUST stop blinking between each press of the button. The code is accepted when a click or beep is heard, a light blinks, or the gate/garage activates.

* LiftMaster, Do-It, Master Mechanic, Raynor, True Value, and Sears Craftsman are compatible with Chamberlain technology.

5. NOTE: The SMART/LEARN button or DIP SWITCHES are located either on the product or in an external receiver on or near the product. Consult your product owner’s manual to locate the SMART/LEARN button or DIP SWITCHES.

**NOTE:** If you have a 2 position DIP SWITCH and programming fails, reverse DIP SWITCHES (OFF to ON and ON to OFF).

6. Press the program button to exit programming mode. Programming is now complete.

**REMOTE CONTROL BATTERY**

**WARNING**

To prevent possible SERIOUS INJURY or DEATH:

- NEVER allow small children near batteries.
- If battery is swallowed, immediately notify doctor.
- To reduce risk of fire, explosion or chemical burn:
  - Replace ONLY with 3V CR2032 coin batteries.
  - DO NOT recharge, disassemble, heat above 212°F (100°C) or incinerate.

**NOTE:** To comply with FCC and or Industry Canada (IC) rules, adjustment or modifications of this receiver and/or transmitter are prohibited, except for changing the code setting or replacing the battery. THERE ARE NO OTHER USER SERVICEABLE PARTS.

Tested to Comply with FCC Standards FOR HOME OR OFFICE USE. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
