Locating your code switches

Slide the battery compartment cover back to access the code switches in the remote control (Figure 1).

Figure 1

Match the remote control to the receiver:

1. Check the code switch settings on the receiver.
2. Use a pen or screw driver to set the code switches on the back of the remote control to match the code switches on the back of the receiver.
3. Once the code switches have been set push the remote control button to activate your unit.

The Remote Control Batteries

To prevent possible SERIOUS INJURY or DEATH:
- NEVER allow small children near batteries.
- If battery is swallowed, immediately notify doctor.

Locate the battery by sliding the battery compartment cover.

Dispose of old batteries properly.
