CANTILEVER ROLLERS

K-CRP SERIES ROLLERS FOR CANTILEVER SLIDE GATES

MODELS

K-CRPR6 (top)
fits 2-3/8" round gate frames and 4" round posts

K-CRPS22 (bottom)
fits 2" square gate frames and 4" square posts

FEATURES

- Time-saving magnets on bases for easy installation
- UHMW polyethylene graphite-impregnated wheels
- Long-lasting sealed roller bearings
- Zinc-plated steel axles
- Painted steel bases and mounting hardware
- Tough UV-resistant protective covers included
- Rated up to 2,000 pounds when using 4 rollers*

THE PERFECT FIT EVERY TIME
Whether you’re building a gate with round material or square, we have the roller for you. And magnets on the bases make install easy.

SMOOTH, QUIET & LONG LASTING
Advanced materials make our wheels extra smooth and quiet, and sealed roller bearings provide long life with very little maintenance.
