EarthCare from Unity Worldwide Ministries

Unity Worldwide Ministries offers an EarthCare program, which helps spiritual communities “to foster awareness of our spiritual oneness with the Earth and to promote active care of all creation.”

UWM has created an EarthCare Covenant expressing the ideas in the EarthCare program. On the UWM website the ideas are expressed in plural. Melissa has written a song that can be used to reinforce the ideas in the EarthCare Covenant, and as part of an EarthCare Covenant ceremony. The song is available from UWM’s Online Music Library as a congregational song, a solo and an SSA choral arrangement. In Vagi’s song, the ideas are expressed in singular. Here is the original EarthCare Covenant:

Our consciousness reveals that all of creation is connected as one.

The story of creation reveals that we are to be good caregivers of the creation.

As a people of faith, we commit to a renewed reverence for life and respect for the interdependent web of all existence.

We honor our spiritual commitment to the care, support and defense of the balance between our individual needs and those of nature.

We envision a world in which everything has intrinsic value and where all beings are assured a secure and meaningful life that is ecologically responsible and sustainable.

We agree to transform our individual and congregational lives into acts of moral witness, discarding harmful habits for new behaviors that demonstrate our respect for this harmony and interconnectedness.

We declare our covenant with God to walk upon the Earth for the greatest good of all creation.

This song can also be used for Thanksgiving and National Days services, for Nature Retreats, and for general use.
