# Golden Memories

by Roger Tomhave

## VERSE

Golden moments, golden memories, thoughts produced after their kind.  
Light surrounds us, love enfolds us, God, now grant us peace of mind.  
Gathered in a common union, let our light forever shine.  
Fifty years is\* but an instant in eternal Love Divine.

## VERSE

Words of comfort, daily offered. Silent prayers that bless us all.  
Cocreators on our journey, joined as one and standing tall.  
Broad shouldered histories, big shoes to fill in the ministry of God's will  
Hand-in-hand we join our voices where the light is burning still.

## BRIDGE (*spoken*)

On shoulders of giants, our vision is clear.  
In their shoes we walk softly, to listen, to hear.  
For the call is the same as our ancestors heard,  
And the Voice as impassioned as the One their hearts stirred.  
(*sung*) By so many names we praise the most holy  
So many traditions but only one song.  
One in the Spirit together in Love,  
Where three or more gather a new day will dawn.

## VERSE

Come, you tribes of every nation, patchwork quilt by God's hand sewn.  
Gathered in a common union, let our light forever shine.  
Fifty years is\* but an instant in eternal Love Divine.

## CODA

Join as one in celebration,  
Fellow traveler welcome home.

\*Alternate Lyrics "*All our years are*"
