MIRACLE FOR BREAKFAST

by Sue K. Riley and Rev. Leddy Hammock

Verse

All the night long, I had worked at prayer
still no answers would come to me.
I tried so hard in the darkness there,
casting my nets on an empty sea.
The labor was hard and the night was long,
yet I had nothing to show.
I wondered what I was doing wrong, for the life of me,
I just didn't know.

Chorus

I needed a miracle for breakfast
I would go hungry no more.
For I'd sailed in circles the whole night long,
and I needed to rest on the shore
I needed to rest on the shore

Verse

My dreams were as dry as an empty cup,
all the sunlight had gone from me.
And just when I thought I would have to give up,
a miracle started to dawn on me.
Turn to the right and then cast your nets.
I heard a voice calling so clear.
Oh the Lord made my breakfast, the table was set,
right in the midst of my doubt and my fear.

Chorus

Come have a miracle for breakfast,
you will go hungry no more.
You've sailed in circles the whole night long,
come have a rest on the shore
Come have a rest on the shore.

Instrumental

Verse

Now my cup runneth over and my good is in sight,
my nets full of wishes come true.
And it's a wonder what one little turn to the right
when you follow your leading can do for you.
I step'd out on faith, and I dove right on in,
oh the food of the spirit is fine.
And the voice of the Lord, gently calls me to Him.
the soul's satisfaction is simply divine.

Chorus

Come have a miracle for breakfast
you will go hungry no more.
You've sail'd in circles the whole night long.
come have a rest on the shore.
Come have a rest on the shore
