

FUNDRAISING MADE SIMPLE

ABOUT US:

Credo Designs is a small company in the Twin Cities that has joyfully been doing business for 28 years, shipping positive messages to stores and individuals throughout the USA and beyond. We work with small local companies and print in small batches.

WHY?

Because we believe **everyone** needs encouragement.

Because we believe in the power of a simple card to make a **big** difference in someone's day.

Because we celebrate the creative process and entrepreneurial spirits!

And that's why we want to partner with your organization to support your positive causes. These times are historic. The "new normal" of 2020 challenges us all to stay connected. Fundraising these days will look different... and with CREDO it can be done simply online via our website and your connections!

WHY ONLINE?

It's easy! Participants in your fundraiser can shop from anywhere in the USA, 24/7. All orders will be shipped directly from CREDO ... that means no handling or delivering by parents and kids! And CREDO will do the bookkeeping.

Together we can spread kindness, hope, and love. That's why we are excited to partner with you.

We are all in this together ... and we can come through this stronger and better!
