

Who is Genesis Lamp?

The experts at Genesis Lamp have been lighting your world for over 30 years. We carry an unparalleled selection of replacement light bulbs from the world's most respected companies, and manufacture a complete line of FAA-compliant aviation light bulbs. From energy-efficient home and office light bulbs to highly-specialized commercial applications, count on Genesis for the latest in light bulb technology at a great price.

Family owned and operated, we believe in serving every customer with professionalism and respect. Whether you're buying one light bulb or one thousand. Give us a call and we'll locate any hard-to-find replacement light bulb and recommend ideal solutions for your lighting needs. And we'll ship your order anywhere in the world... quickly, efficiently and cost-effectively. At Genesis Lamp we earn your business one light bulb at a time... satisfaction guaranteed!

Why use Genesis Lamp?

Superior customer service distinguishes Genesis Lamp from the competition, whether you order a single light bulb or make regular volume purchases. Because we offer an outstanding variety of replacement bulbs and select lighting components, our customers include consumers, large and small businesses, industrial facility managers and government agencies around the world. We treat all our customers with appreciation and respect, and take a personal interest in your business.

Genesis Lamp strives to provide fast, friendly assistance through our website and when you call our friendly Customer Service team. We want your shopping experience to be pleasant and efficient, and we'll do whatever it takes to help you find exactly what you're looking for at an excellent price. Please take a moment to read through our policies and if you have any questions before ordering, call us at 800-685-5267 or send an e-mail to info@genesislamp.com
