

SPECIFICATIONS:

Furnish and install Musson Aluminum/Vinyl Roll-Up Mats in size and shape indicated on drawings. Mats shall have extruded aluminum tread rails connected by vinyl (or aluminum) hinges; a rigid vinyl base; vinyl leading edges for recess (or surface) use. Aluminum tread rails to be 6063-T5 alloy in mill finish (or black anodized, bronze anodized or clear anodized). Tread rails shall run counter to traffic flow with surface inserts of carpet (or vinyl, abrasive or bristle).
