Developers of a Family of 3D software since 2006

HeadShop 10 is a Major Upgrade - Now with Profile tool, 3D printing.

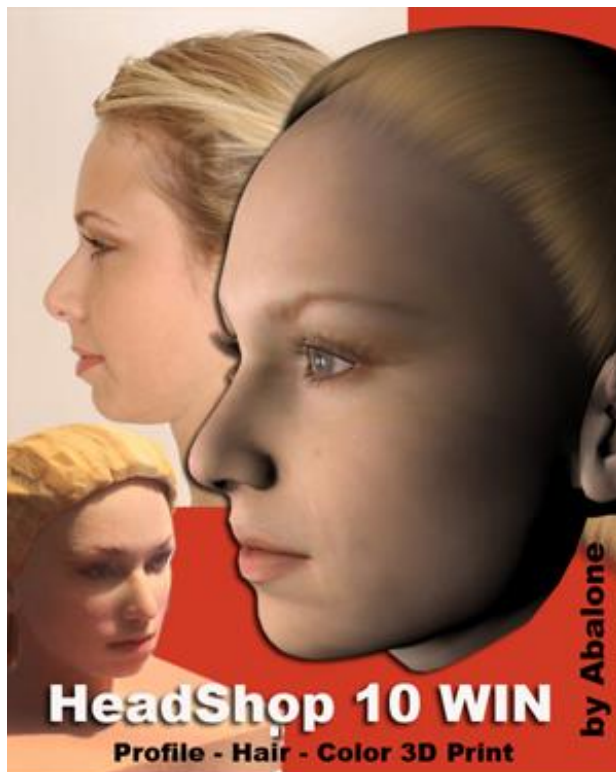

Moss Beach, CA June 10, 2016

Abalone is happy announce that it is shipping a major new version of its popular DAZ Studio plugin, HeadShop 10 WIN.

What is new in HeadShop 10?

- 1. Creates and sends 3D prints and color 3D prints**
- 2. Uses profile photo for added realism**
- 3. New added tools for paint and retouch**
- 4. Higher resolution (2048x2048) textures**

HeadShop 10 is either a Plugin used to create 3D heads from photographs within DAZ Studio or launched as a standalone to create OBJ files that can be imported by other software. It can accommodate user at different skill levels, from beginners to advanced 3D users and supports 3D printing.
