

Niteworks®

Produces Nitric Oxide to support energy, vascular and circulatory health.*

Key Benefits

- Supports Nitric Oxide production.*
- Keeps blood vessels toned, flexible and youthful for improved circulation.*
- Enhances blood flow to support function of heart, brain and other organs.*
- Helps to maintain healthy blood pressure levels already within a normal range.*

Taking Nutrition to Heart™

Herbalife teamed with Dr. Lou Ignarro, Nobel Laureate in Medicine, to develop this refreshing lemon-powder mix that helps your body create more life-supporting Nitric Oxide (NO) during the night when NO levels are naturally lowest.*

Niteworks® uses a unique blend of amino acids L-arginine and L-citrulline to trigger your cells to produce and recycle more NO, helping to support the health of your blood vessels by increasing their elasticity.*

Nitric Oxide supplementation can provide a cascade of benefits including improved circulatory, immune and nervous system functions.* Also with taurine for added cardiovascular health benefits.*

Fast Facts

- Developed with and exclusively endorsed by Nobel Laureate in Medicine, Dr. Lou Ignarro.**
- Includes the amino acids L-arginine and L-citrulline to promote Nitric Oxide production.
- Vitamins C and E and alpha-lipoic acid provide antioxidant support.*
- Supports circulatory vessel elasticity.*

Suggested Usage

Blend Niteworks® powder mix with 8 ounces of water or juice for a refreshing lemon-flavored drink at night or before bedtime.
