

# pcAmerica

- Easy access to thorough reporting
- Detailed inventory control
- Customer profile management

**Know more.  
Do more. Sell more.**

Heartland's pcAmerica point-of-sale software keeps you updated, in touch and in control of your retail business.

## Point-of-Sale

As your business hub, pcAmerica covers all your basic needs as a retailer, whether you have one or 500 stores.

## Inventory Tracking

pcAmerica makes inventory tracking automatic so you can make informed business decisions about what you stock and based on sales and profitability.

## EMV Security Capable

EMV enabled hardware with Heartland's out-of-scope integration allows electronic signature capture and comes with the Heartland Secure Breach Warranty.

## More Key Features

- Purchase orders
- Age verification for liquor and tobacco
- Bulk and mix 'n match pricing
- Coupons, discounts, promotions
- Multiple pricing levels
- Unlimited inventory
