

DRILL-DRIVEABLE HAND WINCHES

Drill-Drive Kits Add More Pow to our Powerful Worm Gear Hand Winches

A variety of our hand winches can be operated with a power drill - Making your job faster and easier. Quickly release winch handle and lift up to 1,800 lbs with the assistance of a DeWalt power drill and 1-1/8" socket adapter. Our drill-driveable packages offer three DeWalt power drill options that meet or exceed our engineering standards for proper winch operation. The ED300-DW11, ED300-DW06 and ED400-DW07 kits are ideal for those medium lifts where more speed and less fatigue are desired.

ED300-DW11	ED300-DW06	ED400-DW07
		

Thern products are not for lifting people or things over people.

PERFORMANCE

Heavy-Duty Right Angle Drill Kit

- 100% ball-bearing construction provides durability and longer tool life
- Mechanical-slip clutch in low gear to provide control of reactionary torque
- Adjustable front handle and 2-position side handle provide maximum leverage and control
- Mechanically controlled 2-speed (300 rpm max. application requirement)
- Triple gear reduction provides increased torque and reduces gear stress
- 21" length provides greater control and leverage • 120 Volt single phase AC

ED300-DW11 (DeWalt DW124K)	Winch Model	Wire Rope Diameter	Load (lbs)	Distance (ft)	Lift Time (minutes)
	4WM2	1/4"	1000	75	10
		1/4"	1500	45	7
	2W40	3/8"	750	135	10
		3/8"	1800	40	4

*Long lift model

SPECIFICATIONS

Chuck Size 1/2"
 No Load Speed 300*/1,200rpm
 Amps..... 11.5Amps
 Max Watts Out 850W
 Clutch Yes
 Gear Reduction Triple
 Tool Weight 13.5lbs
 Shipping Weight..... 16.75lbs
 *Use lowest rpm setting to prevent overload/failure

Heavy-Duty Right Angle Cordless Drill Kit

- 60V Brushless Motor for increase power and runtime
- Power of a cord with cordless freedom
- Adjustable bail handle and 2-position side handle for leverage and control
- 2 variable speed ranges (0-300 / 0-1250 rpm) (300 rpm max. application requirement)
- E-Clutch is a Perform and Protect™; feature that detects reactionary torque caused by a bind-up or stall and reduces speed to a manageable level until control is regained.
- Metal-gear housing for jobsite durability and increased reliability
- The DEWALT®; Perform and Protect™; line of power tools is designed to provide a high level of one or more of the following: control, dust containment, or low vibration, without sacrificing performance.

Kit Includes: DCD460 Drill, (1) DCB606 FLEXVOLT™ Lithium Ion Battery, Fast Charger, Chuck Key and Holder, 2-Position Side Handle, Adjustable Bail Handle, Kit Bag

ED300-DW06 (DeWalt DCD-460T1)	Winch Model	Wire Rope Diameter	Load (lbs)	Distance (ft)	Lift Time (minutes)
	4WM2	1/4"	1000	75	10
		1/4"	1500	45	7
	2W40	3/8"	750	135	10
		3/8"	1800	40	4

SPECIFICATIONS

Chuck Size 1/2"
 No Load Speed 300*/1,250rpm
 Volt 60V
 Speed Settings..... 2
 Clutch Yes
 Tool Height..... 6.83 in.
 Tool Length 16 in.
 *Use lowest rpm setting to prevent overload/failure

Light-Duty Right Angle Drill Kit

- 400 rpm maximum for winch operation and drill life • Die-cast metal gear housing for jobsite durability and tool reliability
- 5-position side handle offers control and versatility in all drilling applications • Triple gear reduction provides increased torque and reduces gear stress • 120 Volt single phase AC

ED400-DW07 (DeWalt DW120K)	Winch Model	Wire Rope Diameter	Load (lbs)	Distance (ft)	Lift Time (minutes)
	4WM2	1/4"	500	65	8.0
			750	45	6.0

SPECIFICATIONS

Chuck Size 1/2" Clutch No
 No Load Speed 400*/600/900rpm Gear Reduction Triple
 Amps..... 7.0Amps Tool Weight 9.75lbs
 Max Watts Out 580W Shipping Weight..... 17.5lbs

*Use lowest rpm setting to prevent overload/failure
