STORAGE SYSTEMS

While researching alternative methods for the “Free Month” marketing technique utilized by many of today’s storage sites, U.S. Door developed a portable locker system. These ready-to-assemble lockers allow you to advertise storage at a low cost monthly rate, and not lose profits while doing it. Starting at only \$125.00 per unit, these lockers can offer added rentable space to any facility. Fitting behind stairwells, in oversized hallways, or stacked together in unrentable units, these low cost lockers turn your now empty units into money making locker units. Various configurations and sizes are available. All units are boxed for UPS shipping. No drilling is required; all holes are pre-punched for ease of assembly. Call today for more information and pricing.
